

Phase I Registration has begun! If you are trying to register for a non-MSE course and receiving an error message, it's usually because you are a non-major, missing the course prerequisites, or the class is full.

Non-majors: Some schools invoke restrictions on certain classes so their students receive top priority. If you are a non-major, you can request a major/override /overload permit for entry into the class. Unfortunately, MSE cannot issue permits/overloads for outside courses.

Need to find course prerequisites? Check in [OSCAR](#) for a current listing of course prereq, then verify with Degree Works that you have the these courses.

Class is full: Additional seats may become available during Phase II Registration .

Whatever classes you don't get into during Phase I, you can try to get into during Phase II Registration. The maximum hours you can register for during Phase I is 18 hours. You can pick up additional hours during Phase II if needed.
